Dear President Wu:

In response to several requests made by our East Asian faculty members at the University of California, Irvine, Professor Ping-ti Ho has arranged with you that we receive your research publications in our Library. The publications include the major monographic studies and journal titles published by the following six institutes:

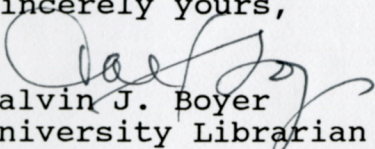

- (1) Institute of Economics
- (2) Institute of Ethnology
- (3) Institute of History and Philology
- (4) Institute of Modern History
- (5) Dr. Sun Yat-sen Institute of Social Sciences,
and the newly established
- (6) Institute of Chinese Literature and Philosophy

We welcome and appreciate the rare opportunity of becoming a special "depository library" of your institution's publications in the United States.

Dr. William Wong, our East Asian Librarian, will be contacting Professor Hung-pan Wu, Director of General Services of your Institution to work out selection and handling procedures.

Again may I express on behalf of the University of California, Irvine our sincere appreciation for your most generous gift.

Sincerely yours,

Calvin J. Boyer
University Librarian
