To: Bill Wong, East Asian Librarian

From: Pauline Yu, East Asian Languages and Literatures 

Thank you very much for your memo of October 26 detailing the state of the East Asian collection. I am glad you agree that, what with the significant expansion in our ranks and the need to coordinate requests and purchases, a faculty Library Committee is in order. I am sure that the members of the committee will find the information you have provided helpful in assessing our past collection philosophies and current situation and in drafting priorities for the future.

As you know, I am also in full agreement with you that the most urgent need right now is to process the books we have on hand. I have supported your requests for assistance from the library in this regard in the past and will continue to do so. We are all appreciative of the personal time and energy you have had to expend on weeding through boxes, etc., and we share your hope that cataloguing of the books can be expedited in every way possible.

Thank you again for the update.
