THREE TYPES OF INVESTORS

PASSIVE INVESTORS
People who want to do well but not spend a lot of time.
- They are long-term investors, and they like to invest properly, but not go to the stock market.
- They often use exchange-traded funds (ETFs) or index funds to invest in a diversified portfolio.
- They do not want to sell their stocks, and they are fine with a fixed income.
- They will not need to sell their stocks, and they are fine with selling and holding gains in the secondary markets.
- They will meet the needs of the other who will never sell them in their fees.

EXPERIMENTAL INVESTORS
People who are looking to invest in the market and are willing to spend time to get an education.
- They are willing to make some profit and learn from their mistakes.
- They want to be a part of the stock market and plan to make some money by investing.
- They do not want to lose all of their money.
- They want to do their own research and learn from their mistakes.

PROFESSIONAL INVESTORS
People who have knowledge and experience in the market and are looking to profit.
- They are willing to go all in and make big money.
- They have extensive knowledge and experience in the stock market.
- They are willing to risk a lot of money.
- They are willing to make big profits.

MISTAKES MADE & LESSONS LEARNED

MISTAKE 1
I bought too much shares of a stock and it went bad. I sold the stock, and the value of the stock went down. I invested too much in the stock, and I lost money.

LESSONS:
- Most stocks are not trending, and the value of the stock is usually lower.
- The trend of the stock is often not consistent, and the value of the stock is usually higher.
- The trend of the stock is often not consistent, and the value of the stock is usually higher.

MISTAKE 2
I bought too much of a stock and it went down. I sold the stock, and the value of the stock went down. I invested too much in the stock, and I lost money.

LESSONS:
- Do not assume that when a stock is down, you are guaranteed to make money with it.
- Do not assume that when a stock is down, you are guaranteed to make money with it.
- Do not assume that when a stock is down, you are guaranteed to make money with it.

MISTAKE 3
I bought too much shares of a stock and it went down. I sold the stock, and the value of the stock went down. I invested too much in the stock, and I lost money.

LESSONS:
- Do not assume that when a stock is down, you are guaranteed to make money with it.
- Do not assume that when a stock is down, you are guaranteed to make money with it.
- Do not assume that when a stock is down, you are guaranteed to make money with it.

PERSONAL FINANCE POINTERS

THINK OF THE TRENDS AS HEALTHY WEALTH, AND TIME
- You can live on time and wealth to accomplish your wealth.
- You can live on time and wealth to accomplish your wealth.
- You can live on time and wealth to accomplish your wealth.
